

The background of the slide is a dark, semi-transparent image of the ARP Model 2600 Synthesizer control panel. The panel is densely packed with various knobs, sliders, and buttons, each labeled with technical terms. Visible labels include 'INITIAL OSCILLATOR FREQUENCY', 'VOLTAGE CONTROLLED OSCILLATOR VCO-1', 'VOLTAGE CONTROLLED OSCILLATOR VCO-2', 'VOLTAGE CONTROLLED OSCILLATOR VCO-3', 'VOLTAGE CONTROLLED FILTER/RESONATOR VCF', 'ATTACK DECAY SUSTAIN RELEASE', 'VOLTAGE CONTROLLED AMPLIFIER', 'NOISE GENERATOR', 'SAMPLE & HOLD', 'ELECTRONIC SWITCH', 'LEFT SPEAKER', and 'RIGHT SPEAKER'. The overall aesthetic is technical and vintage, with a focus on the intricate details of the synthesizer's interface.
